

1/8/19

To whom it may concern,

I have worked with Will since August of 2016 and would highly recommend him for any position or opportunity he may be seeking. Will is a very fast learner and very detail oriented. He is currently leading and coordinating 8 guys on one of the biggest projects in our company's history. The sky is the limit for his success.

If you have any questions or concerns, please call.

Dennis Masner

Sr Engineer II

Diversified Conveyors International, LLC

901-299-9202

A handwritten signature in red ink, appearing to read "Dennis Masner", is written over the printed name and title.
